the Bangalore city Mcttg & (2) that in Madras Presy the Leper Asylum is under the Medical Depart.

Because, at present, the Leper Asylum at Bangalore, is under the Supervision of the Health officer, it would appear that the proposed transfer of the Asylum to the E.D. Hos is recommended. But it is not however clear why this System of Supervision should necessitate the transfer of the provision for the institution from the medical to the Sanitary Budget. ~~Moreover the Leper Asylum, appears to be more properly included under the medical rather than the Sanitary Depts and in Madras it is under the Medical Dept~~

Branch II may be consulted in the matter, if necessary. Sub'd

~~are~~ not apparent. In Madras, the Leper Asylum is under the Medical department. It seems more appropriate to keep ~~the~~ all Hospitals under the Medical department when we bear in mind the distinct and separate functions of the Medical and the Sanitary depts. One is ~~said~~ to cure diseases and the other to prevent them, and as Hospitals are intended for curing persons, they should be under the control of the Medical dept.

1st Cr) 3.7.09. WMS

The Leper asylum is a Provincial Institution maintained by the State. (Leprosy is a Contagious disease. and not an Epidemic like plague. Cholera & smallpox)

The Leper asylum is built

GPB—50.000—13-5-08

Serial No.

in the Compound of the Epidemic Diseases Hospital For purposes of administration it may be placed under the Health Officer of the City - I am not quite sure whether it is desirable to transfer the entire charge to the Sanitary Branch - such an arrangement does not obtain in Madras & would be inconvenient here.

The administration & control of the Leper asylum may be with the Sanitary Department as a matter of convenience, but the budget provision & accounting for expenditure need not be disturbed

Please refer this to the Senior Surgeon & Sanitary Commissioner's views A.V.

a health officer should always remain as well a medical officer. without an opportunity of studying disease (infectious & contagious) he will be apt from want to be misled, & relapse in time to the level of a sanitary inspector. In some of the most important towns in England the M.O. is in actual complete charge of the Contagious hospitals (Sanitary hospital as it is sometimes called) with the best results. For this reason I want our health officers to have Sanitary practical charge as well pure prevention work - that the hospital charge is often prevention work in the truest sense. But, moreover, we cannot afford (although this is the impression left on my mind after much discussion with the financial department) to place highly skilled

OFFICE OF THE SANITARY COMMISSIONER IN MYSORE,

Bangalore, Dated the 12-5-1909.

From

Lt.Col.John Smyth, M.D., I. .S.,
Sanitary Commissioner to the Government of
His Highness the Maharaja of Mysore,
BANGALORE.

To K.S.Chandrasekhara Iyer Esq, B.A.,B.L.,
Secretary to the Government of
His Highness the Maharaja of Mysore,
General and Revenue Departments,
BANGALORE.

Sir,

I have the honor to recommend that the Leper Asylum be transferred to the charge of the Public Health Department and be henceforth regarded as a section of the Hospital for contageous disease, the other sections being Plague, Samll-pox etc.

2. It is already under the supervision of the Health Officer with a Hospital Assistant in immediate charge, and the lepers are practically city lepers and it is in the same enclosure as the contageous disease hospital.

3. Dispensary statistics would of course continue to be ~~forwarded~~ furnished to Government through the Medical Department under the head 'Special Hospital'.

4. My proposal would involve the upkeep of the Asylum being budgetted for by the Sany. Commissioner in future.

5. I write this in the combined capacity of Senior -- Surgeon and Sanitary Commissioner.

I have the honor to be,
Sir,
Your most obedient servant,

M.D.,
Lt.Col.I. .S
Sanitary Commissioner to Gov^{t}
